DEVINE INDEPENDENT SCHOOL DISTRICT

Campus Improvement Plan for a Schoolwide Program

for

John J. Ciavarra Elementary School

Revised
Nov. 11, 2017
Mission Statement

Success begins at John J. Ciavarra Elementary School. We believe that all children can learn and should have a caring teacher and a safe school environment to promote student learning. The school staff is responsible for developing a learning community which challenges all students and provides the resources necessary for students to reach their full potential: academically, socially, and emotionally. With qualified teachers, involved parents, a supportive community, and high expectations, these things can be accomplished; and our students will become tomorrow’s leaders.

Say Ciavarra, Say Success!
Ciavarra Elementary School
Demographic Profile

General District Information
Devine Independent School District is located in Devine, Texas in Medina County. Four campuses comprise the district: Devine High School (Grades 9-12), Devine Middle School (Grades 6-8), Devine Intermediate School (Grades 3-5), and John J. Ciavarra Elementary School. (Grades PK3-2nd)

Specific School Information
Ciavarra Elementary serves approximately 504 students. The student population is 66.4 percent Hispanic and 32 percent Anglo. Students who receive free or reduced lunch totals 64.3 percent. CES is a Title I school-wide campus.

Community Information
Devine is a small town of approximately 2,500 population. It is located on IH 35 south, 35-40 miles from San Antonio.

The town boasts a public library that is quite active within the community and an 18-hole golf course. The school and its activities are the center of the community. DISD programs receive overwhelming support form the community in every way.

Devine ISD staff members are dedicated to providing each and every student the best education through an intensive and challenging curriculum and sound research-based instructional practices.

Devine ISD’s comprehensive needs assessment shows continued growth is needed in student academic performance to reach and maintain Exemplary status district-wide. In order to address this need, we must employee, train, and retain highly effective and motivated staff. To ensure limited disruption to instruction, it is vital that we provide a safe and secure environment and a welcoming culture and climate for all stakeholders.

Component 1 • 2017-2018 Comprehensive Needs Assessment – CES

Parent and Community Involvement

Data Sources Reviewed

- Reward Program Business Sponsorships
- Daily attendance calls by School Messenger
- DISD Website Calendar of Events
- Parent contact through letters home, Remind, School Messenger, Phone Calls
- Devine News articles/announcements pertaining to CES
- Veterans’ Day Program participants list and program
- UIL
- Parent Sign-in Sheets/Counts
  - Meet the Teacher, Parent Conferences
  - Thankful for Parent and Grandparents Luncheons
  - March Public School Week, Open House, and Art Show
  - Party Days
  - Awards Days
  - Special Events for parents during Book Fair
  - PreK/Head Start Events
  - Red Rally
  - Math/Science Family Fun Night
  - Meet the Teacher @ McDonald’s
  - Parent Night (separate grade levels)
  - Care packages for military personnel
  - Santa Letters for Devine News
  - Dads to School
  - Moments with Mom
  - Events3 with Warhorse and Arabians
- Grade-level weekly newsletters
- Email, Remind 101-Classrooms and CES
- Mentoring program initiated by counselor

Parent and community involvement refers to how these stakeholders are informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

- Goal 1 Parents and the community will be informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.
Findings/Analysis

Strengths

- Business Sponsorships for reward programs
- Daily attendance calls (School Messenger) and good record keeping
- Website Calendar of Events
- Parent contact through phone calls, letters home, emails, School Messenger, conferences
- Devine News articles/announcements pertaining to CES
- Veterans’ Day Program and Red Rally
- Meet the Teacher and Grade-level Parent Meetings
- March Public School Week, Open House and Art Show; Book Fair in February
- Awards Days
- Mentoring program
- Grade-level newsletters each week
- Parental volunteers, especially at PreK level
- Presentations at Parent Place
- Love and Logic parent workshops
- Adult ESL Classes
- Parental involvement in Head Start/PreK—monthly collaborative parent-child projects
- Read Across America with community readers
- Head Start services offered to both parents and children; i.e., health and nutrition counseling, free workshops for parents at ESC 20.
- Home access to iReady and Education Galaxy and Spelling City

Needs

- More frequent updating of website and more useful information included
  - Paid personnel and/or time allotted during the school day to be able to make webpage updates, publish newsletters, etc.
- Continue family/parent involvement through projects and presentations in all classes; for example, turkey feathers, Christmas ornaments.
- More money for instructional staff, both professional and paraprofessional.
- More technology training for parents
- Continue to emphasize parent/community involvement with activities already in place, which include classroom parties, and other things listed in strengths.

Summary of Needs: There is a need for someone to either have regularly scheduled time in their day to manage campus information distribution and posting to the website, or the creation of paid stipend for someone to work on this outside of school hours. Many teachers would like to have their own web page if that were possible. More parent and family involvement could be created through classroom assignments and presentations during the school day.

At Ciavarra Elementary, there are many opportunities for parent involvement; i.e., Veterans Day Program, Red Rally, classroom Christmas and Valentine’s Day Parties, Grandparents Day Lunch, Thankful for Parents Lunch, Kinder Feast at Thanksgiving, McTeacher Night, Math/Science Night. Invitations are sent home for all these events.
Student Achievement

Data Sources Reviewed

- Response to Intervention Program
  - In-school tutoring program; 1:1 with aide during specials; small groups with teacher
  - Behavior contracts
- Communication with parents via txGradebook, Remind, and email
- ESL teachers
- Education Galaxy, BrainPOP Jr, iReady, Spelling City, Reading A-Z, Studies Weekly in computer labs
- AR Clubs, Math Facts Clubs
- Recognition of students individually and as classes: Bucket Filling, Caught You Being Good, and Caught You Being Great (In PE)
- Reading Eggs, Imagine Learning, and Brain Pop Spanish for ESL students
- Reading interventionist for K-2
- Behavior Unit for CES and DIS.
- Eight iPad carts

Findings/Analysis

Strengths

- Campus “traditions” which foster an ideal of success
- “Vested Interest” of staff, comprised of many local alumni or residents with children/grandchildren in the school system
- Attendance is made a priority and encouraged through student rewards weekly and spelling PERFECT ATTENDANCE as a class.
- Parent surveys indicate a high degree of satisfaction with all campus programs and services
- Teachers care and are helpful, routinely make themselves available to students for assistance outside the school day
- Class and student rewards for “Bucket Filling”
- Reading interventionists trained in dyslexia interventions
- STAAR Ready and iReady assessments
- GT Teacher/Program
- SmartBoards/Interactive televisions in every classroom
- Tier system in place for RtI
- Performance objective in writing as per Title I application

Needs

- Math interventionist
- Increased parental involvement, especially in supporting students’ academic success
- Additional funds/support (previously provided, but cut from budget) to promote and reward students’ exemplary attendance and grades
- Increased opportunities for teacher input and decision-making
- Additional staff needed to promote inclusion of special education students, provide content mastery opportunities for all special populations, and offer additional forms of intervention to all struggling students
- Smaller class sizes
- Parent Liaison

Reviews varied sources of formal and informal data that provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study and state standards while meeting full education potential. Reflects on demographic/make-up of students and how to implement strategies to meet their needs.

- Goal 2 Students will meet the state standards and will be encouraged to meet their educational potential.
Summary of Needs

CES has a strong sense of tradition and maintains high expectations for student success. We have high student learning rates and student performance because of our dedicated staff. As our at-risk population continues to grow, we will need more personnel to provide small group instruction and some pullout programs. We will measure student growth by looking at BOY, MOY, and EOY TPRI results, STAAR Ready assessments. We will consider the number of students tested for dyslexia, and those who qualified, as well as those who were tested for GT and were invited to join those programs. We have added a performance objective to improve writing as per Title I application using TEA’s Strategic Priorities. Parents and community are supportive of our campus and programs; however, additional parent involvement is needed to promote academic success. We believe that the earlier parents get involved, the better. We are in need of a parent liaison to better forge the relationship between school and family.

Curriculum and Instruction

Data Sources Reviewed

- Kilgo in All Core Subject Areas:
  - Vertical Alignment Document
  - TEKS-Based BOY, MOY, EOY Assessments
  - Kilgo-based curriculum maps
- 2016-17 Spring Benchmark Results—STAAR Ready
- i-Ready data in reading and math—BOY, MOY, EOY
- BOY, MOY, EOY TPRI Results
- Literacy by the Month
- Textbooks and Ancillary Materials
- Campus Teacher Surveys
- Lesson Plans
- Grade-level Meeting Agendas/Minutes
- LCD Projectors, document cameras, Smartboards, interactive televisions in classrooms, iPad

Findings/Analysis

Strengths

- Utilization of Kilgo Scope, Sequence across core subject areas
- TEKS-based assessments
- Online intervention supports, such as iReady
- TPRI data used to plan interventions, adjust scope and sequence
- Weekly grade-level meetings to address curricular needs, share best practices

Needs

- Greater utilization and more consistent implementation of Kilgo in all core subject areas
- Training for all core subject teachers in best utilization of Kilgo
- Continued enrichment opportunities for G/T
- Content mastery support provided for all special population students
- Additional training on implementation of special education

Describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes. C & I incorporates technology by applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

- Goal 3 A well-balanced and appropriate curriculum will be provided to all students.

Ciavarra Elementary School 7 2017-2018
• Two computer labs
• Software programs used for all grade levels, including pre-kinder
• TPRI and Tango for data used three times each year in K-2
• Small-group math instruction
• Small-group reading instruction; reading interventionists
• SmartBoards/interactive televisions in every classroom
• Empowering Writers curriculum and online support

Summary of Needs
ALTHOUGH WE recognize that Kilgo is a valuable asset to our core area teachers in terms of curriculum alignment and planning, as new teachers join our staff, there remains a need for additional training and guidance in its effective and full implementation. Teachers need additional training in the planning and delivery of differentiated lessons so G/T needs are met equally with those of students in other special populations. Teachers also see a need for more training in how to implement, as well as more staff support for special education accommodations in the regular education classroom. Providing some sort of content mastery during the school day for all students with special needs is also an area of great need. We are hopeful that we will continue the programs we have now to aid instruction. These include giving the TPRI and small-group math materials. Somehow we have to be able to replace SmartBoards or add interactive televisions for classrooms, and support new technology, both hardware and software. All new textbook and curriculum material have digital resources that did not exist even five years ago.

Qualified and Effective Personnel

Data Sources Reviewed
• Grade-level demographics
• Campus Staff Development Survey
• T-TESS data using Eduphoria

Findings/Analysis

Strengths
• All professional staff are highly effective
• All paraprofessional are highly effective
• A positive environment for staff

Needs
• Staff training/development is needed in the use and implementation of available technology
• GT/ELL/Dyslexia training for teachers

The report addresses staff quality, recruitment and retention of high-quality, highly-effective staff, and assessing the effect of recruitment and retention strategies on staffing patterns. Also included is providing professional development of creative and innovative techniques to improve student learning.

GOAL 4

Goal 4 Highly-qualified effective personnel will be recruited, developed, and retained.
• Positive things done for teachers
  o Pay-day treats
  o Birthday bags for staff members’ birthdays
  o Special breakfast/lunches
  o Lunch during Teacher Appreciation Week
  o Christmas recognition gifts
  o Refreshments for faculty meetings
  o Incentives for community/school support (i.e., jeans days
    for assisting with Book Fair, fund-raising help, dress-up
    days)
• All efforts to cooperate with special circumstances
• Mentoring support for new teachers

Summary of Needs

The staff at CES is highly effective and they do an excellent job in the classroom. We hope we will be able to retain the teacher to student ratio we have now. We all know that research shows that, at all grade levels, but especially at early grade levels, the smaller class size, the higher the achievement. Our at-risk population continues to grow. These children require more individual intervention and attention, and, therefore, more personnel. With budget cuts from the state, class size has risen; that affects student learning, teacher morale, and the overall campus climate.

School Climate: Safe and Disciplined Environment

Data Sources Reviewed

• CES Mission Statement
• CES Motto—You Can Manifesto
• Student/Class Rewards
• Attendance Reports
• Discipline Reports/Logs
• 2016-17 Faculty Survey
• Mentor/Mentee Teacher Surveys
• Safety Drill Reports

Addresses issues to increase attendance and student completion/graduation rate. Seeks to maintain a safe and disciplined environment conducive to student learning and to the values, beliefs, transitions, and customs, which shape the personality/climate of the district (how parents, community, staff and students feel about the school and affects how people interact within the system).

Goal 5 The district’s campuses will maintain a safe and disciplined environment conducive to student learning with a positive perception in the community.

Findings/Analysis

Strengths

• Campus “traditions” which foster an ideal of success
• “Vested Interest” of staff, comprised of many local alumni or residents with children/grandchildren in the school system

Needs

• Increased parental involvement, especially in supporting students’ academic success
• Clearly defined emergency procedures with adequate opportunities for practice and feedback
• Policies/procedures in place to address student behavior problems in a timely manner.
• Attendance is made a priority and encouraged through student rewards weekly and spelling PERFECT ATTENDANCE as a class.
• Clean and orderly campus facilities
• Parent surveys indicate a high degree of satisfaction with all campus programs and services (excellent return rate, over 70 percent, on campus surveys as well)
• Teachers care and are helpful, routinely make themselves available to students for assistance outside the school day
• Class and student rewards for “Caught Being Good” and “Caught You Being Great” in PE
• Love and Logic techniques implemented school-wide.
• RD 360 and Circle techniques used in classrooms
• Many opportunities for teacher input in decision-making.
• Consistent classroom rules and enforcement
• Mentoring program
• Leadership Committee meets twice a month
• Technology Committee meets several times a year

Summary of Needs
CES FOSTERS a positive and nurturing school climate. We have events that recognize students and include parents in all our events. We also foster collegiality among faculty members by recognizing birthdays each month with cake, rewarding perfect attendance for staff each six weeks, Friday Feasts, special breakfasts and lunches for teachers. At CES safety is our number one priority. We practice safety drills throughout the school year. Teachers and students are well trained on what to do in the case of an emergency. We do need funds to continue recognition programs; we now fund these through donations and fund-raising. Much of these were cut because of budget cuts from the state and have not been re-instated.

Updated 10/26/2017 /bg
**TEA Priorities**

*Every child, prepared for success in college, a career or the military.*

**Strategic Priorities**

- **Recruit, support, and retain teachers and principals**
- **Build a foundation of reading and math**
- **Connect high school to career and college**
- **Improve low-performing schools**

**Enablers**

- **Increase transparency, fairness and rigor in district and campus academic and financial performance**
- **Ensure compliance, effectively implement legislation and inform policymakers**
- **Strengthen organizational foundations (resource efficiency, culture, capabilities, partnerships)**
Goals and Objectives for John J. Ciavarra Elementary School

**District Goal #1:** Parent and Community Involvement
Parents and the community will be informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

Campus Objective: *To increase community and parental involvement*  
*Csf 5*

Campus Goals:
- To systematically communicate with parents and encourage their involvement with the school
- To strengthen public confidence in our school
- To increase the business community’s understanding and involvement in the educational program of the school
- To include parents and community in decision making

**District Goal #2:** Student Achievement
Students will meet the state standards and will be encouraged to meet their educational potential.

Campus Objectives:
- *To increase student achievement on the STAAR and TPRI*  
*Csf 1, 2, 3, 4*
- *To maintain high academic expectations of students*
- *To reduce the achievement gap among disaggregated student populations on the STAAR and TPRI*
- *To increase the achievement of special populations students on the STAAR and TPRI*

Campus Goals:
To provide the academic foundation that enables:
- 85 percent or more of all third grade students will attain a Level II or higher on the STAAR Reading test
- 78 percent or more of all third grade students will attain a Level II or higher on the STAAR Math test
- 75 percent or more of all fourth grade students will attain a Level II or higher on the STAAR Writing test
- 85 percent or more of third grade Hispanic students will attain a Level II or higher on the STAAR Reading test
- 90 percent or more of third grade African American students will attain a Level II or higher on the STAAR Reading test
- 78 percent or more of third grade economically disadvantaged students will attain a Level II or higher on the STAAR Reading test
• 75 percent or more of third grade disaggregated student subgroups (Hispanic, African American, economically disadvantaged) will attain a Level II or higher on the STAAR Math test
• 60 percent or more of special education students will attain a Level II or higher on the STAAR tests
• 60 percent of Limited English Proficient students taking the STAAR to attain a Level II or higher.
• The percent of third grade G/T students attaining Level II on the STAAR to be 100 percent.
• 90 percent or more kindergarten students will be developed on all PA/GK inventories of the TPRI
• 85 percent or more kindergarten students will be developed on the two word lists of the EOY TPRI
• 80 percent or more kindergarten students will be developed in Listening Comprehension
• 95 percent first grade students will be developed on all PA/GK inventories of the TPRI
• 90 percent or more second grade students will be developed on all inventories of the TPRI
• 90 percent or more first and second grade students will be developed on all four word lists of the TPRI
• 90 percent or more first and second grade students will be able to read Story 5 or 6 with adequate fluency and comprehension

District Goal #3: Curriculum and Instruction
A well-balanced and appropriate curriculum will be provided to all students.

Campus Objective:
• To provide a well-balanced and appropriate curriculum to meet the needs of the campus community
• To integrate technology throughout instruction and management to improve student learning

Campus Goals:
• To teach the appropriate essential knowledge and skills at each grade level
• To improve the campus nutrition environment, ensure students are physically active, and encourage parents and staff to be positive role models by promoting healthy lifestyles through semester newsletter, evidence in lessons taught in plans
• To enhance the effectiveness of classroom instruction and student learning through appropriate application of technology
• To meet the educational needs of all students

District Goal #4: Qualified and Effective Personnel
Highly-qualified effective personnel will be recruited, developed, and retained.

Campus Objective: To recruit and retain highly effective staff
Campus Goals:

- To notify Central Office of impending vacancies so that the district will recruit qualified and effective teachers
- To provide timely orientation for new staff
- To assign each new teacher an experienced mentor
- To provide quality staff development
- To provide administrative support to all personnel

**District Goal #5: School Climate: Safe and Disciplined Environment**

The district’s campuses will maintain a safe and disciplined environment conducive to student learning with a positive perception in the community.

Campus Objective: *To maintain high expectations of students and provide a safe and nurturing environment, conducive to learning*  

Campus Goals:

- To build a positive school climate and teamwork among faculty, staff, and parents
- Involve district staff, campus staff, parents, and community representatives in improving student achievement through shared decision making
**District Goal #1: Parent and Community Involvement**

Parents and the community will be informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

Campus Objective: *To increase community and parental involvement*

Campus Goals:
- To systematically communicate with parents and encourage their involvement with the school
- To strengthen public confidence in our school
- To increase the business community’s understanding and involvement in the educational program of the school
- To include parents and community in decision making

District Goal #2: Student Achievement

Students will meet the state standards and will be encouraged to meet their educational potential.

Campus Objectives:

- *To increase student achievement on the STAAR and TPRI*
- *To maintain high academic expectations of students*
- *To reduce the achievement gap among disaggregated student populations on the STAAR and TPRI*
- *To increase the achievement of special populations students on the STAAR and TPRI*

Campus Goals:

To provide the academic foundation that enables:

- 85 percent or more of all third grade students will attain a Level II or higher on the STAAR Reading test
- 78 percent or more of all third grade students will attain a Level II or higher on the STAAR Math test
- 75 percent or more of all fourth grade students will attain a Level II or higher on the STAAR Writing test
- 85 percent or more of third grade Hispanic students will attain a Level II or higher on the STAAR Reading test
- 90 percent or more of third grade African American students will attain a Level II or higher on the STAAR Reading test
- 78 percent or more of third grade economically disadvantaged students will attain a Level II or higher on the STAAR Reading test
- 75 percent or more of third grade disaggregated student subgroups (Hispanic, African American, economically disadvantaged) will attain a Level II or higher on the STAAR Math test
- 60 percent or more of special education and LEP students will attain a Level II or higher on the STAAR tests
- The percent of third grade G/T students attaining Level II on the STAAR to be 100 percent
- 90 percent or more kindergarten students will be developed on all PA/GK inventories of the TPRI
- 85 percent or more kindergarten students will be developed on the two word lists of the EOY TPRI
- 80 percent or more kindergarten students will be developed in Listening Comprehension
- 95 percent first and second grade students will be developed on all PA/GK inventories of the TPRI
- 90 percent or more second grade students will be developed on all inventories of the TPRI
- 90 percent or more first and second grade students will be able to read Story 5 or 6 with adequate fluency and comprehension.

District Goal #3: Curriculum and Instruction

A well-balanced and appropriate curriculum will be provided to all students.

Campus Objective:

- To provide a well-balanced and appropriate curriculum to meet the needs of the campus community
- To integrate technology throughout instruction and management to improve student learning

Campus Goals:

- To teach the appropriate essential knowledge and skills at each grade level
- To improve the campus nutrition environment, ensure students are physically active, and encourage parents and staff to be positive role models by promoting healthy lifestyles through semester newsletter, evidence in lessons taught in plans
- To enhance the effectiveness of classroom instruction and student learning through appropriate application of technology
- To meet the educational needs of all students

Every Student Success Act Schoolwide Components

**TEN COMPONENTS** of a Title I, Part A Schoolwide Program from Every Student Success Act [P.L. 107-110 (§1114)] (Taken from TEA's ESSA Program Coordination website):

In general, a schoolwide program shall include the following components:

1. A comprehensive needs assessment of the entire school (including taking into account the needs of migratory children) that is based on information on the performance of children in relation to the state content and student performance standards.

2. Schoolwide reform strategies that—
   - provide opportunities for all children to meet the state’s proficient and advanced levels of student performance;
   - use effective methods and instructional strategies that are based on scientifically based research that—
     - strengthen the core academic program in the school;
     - increase the amount and quality of learning time, such as providing an extended school year, before- and after-school and summer programs, and help provide an enriched and accelerated curriculum; and
     - include strategies for meeting the educational needs of historically underserved populations.
   - include strategies to address the needs of all children in the school, but particularly the needs of children of low-achieving children and those at risk of not meeting the state student academic achievement standards who are members of the target population of any program that is included in the schoolwide program, which may include—
     - counseling, pupil services, and mentoring services;
     - college and career awareness and preparation, such as college and career guidance, personal finance education, and innovative teaching methods, which may include applied learning and team-teaching strategies; and
     - the integration of vocational and technical education programs; and
     - address how the campus will determine if such needs have been met; and
     - are consistent with, and are designed to implement, the state and local improvement plans, if any.

3. Instruction by highly effective teachers.

4. High-quality, ongoing professional development for teachers, principals, and paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff to enable all children in the school to meet the state’s student academic achievement standards.

5. Strategies to attract high-quality, highly-qualified teachers to high-need schools.
6. Strategies to increase parental involvement in accordance with Section 1118, such as family literacy services.

7. Plans for assisting preschool children in the transition from early childhood programs, such as Head Start, Even Start, Early Reading First, or a state-run preschool program to local elementary school programs.

8. Measures to include teachers in the decisions regarding the use of academic assessments described in section 1111(b)(3) in order to provide information on, and to improve, the performance of individual students and the overall instructional program.

9. Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement standards shall be provided with effective, timely additional assistance, which shall include measures to ensure that students’ difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.

10. Coordination and integration occurs between federal, state, and local services and programs, including programs under NCLB, violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.
CSF 1: Improve Academic Performance
Academic performance is the foundational Critical Success Factor. By ensuring the Critical Success Factors of teacher quality, effective leadership, data driven instructional decisions, productive community and parent involvement, efficient use of learning time, and maintaining a positive school climate, campuses can increase performance for all students.

CSF 2: Increase the Use of Quality Data to Drive Instruction
The use of quality data to drive instructional decisions can lead to improved student performance (Wayman, 2005); (Wayman, Chui, & Johnston, 2007); (Wohlstetter, Datnow, & Park, 2008). This CSF emphasizes effective uses of multiple sources of disaggregated data. However, it is not necessarily the amount of data utilized, but rather how the information is used (Hamilton, et al., 2009). For example, academic achievement can improve when teachers create regular opportunities to share data with individual students (Black & Williams, 2005). Therefore, it is not only the use of data to drive instructional decision-making that is significant, but also the ongoing communication of data with others that provides the greatest opportunity for data to have a positive impact on student learning outcomes.

CSF 3: Increase Leadership Effectiveness
Leadership effectiveness targets the need for leadership on campus to exhibit characteristics and skills known to promote and implement positive educational change. Of the elements proven to have the greatest degree of impact on student achievement, school leadership is second only to classroom instruction. Examples of successful school turnaround efforts without effective leadership are rare (Kleifield, Louis, Anderson, & Wahlstrom, 2004).

CSF 4: Increase Learning Time
Research promotes a three-pronged approach to Increased Learning Time that includes the following elements: (a) increased academic learning time; (b) increased enrichment activities; (c) and increased teacher collaboration and professional development. Increased learning time necessitates strategies that maximize the number of sustained, engaging instructional minutes, especially for disadvantaged students (Jez & Wassmer, 2011); (Getttinger & Seibert 2002). To be utilized successfully, increased learning time must be applied strategically. Effective strategies include providing a rigorous, well-rounded education that prepares students for college, improving teacher training, improving and aligning the curriculum, reducing distractions, year-round schedules, block scheduling, using the time for teachers to thoroughly analyze and respond to data, and setting aside time to coach and develop teachers in ways that continuously strengthen their instructional practices (Chalk Board Project, 2008; Kaplan & Chan, 2011).

CSF 5: Increase Family and Community Engagement
Family and community engagement calls for increased opportunities for input from parents and the community, as well as the necessity for effective communication and access to community services. Parent, family and community involvement has a direct correlation with academic achievement and school improvement. When school staff, parents, families, and surrounding communities work together to support academic achievement, students tend to earn higher grades, attend school longer and more regularly, and eventually enroll in programs of higher education (Barton, 2003).

CSF 6: Improve School Climate
The connection between school climate and student achievement has been well established in research. Focusing on the development of a campus’ climate as a learning environment is fundamental to improved teacher morale and student achievement [Nomura, 1999]. Formally assessing and addressing school climate is essential to any schools’ effort toward successful reform, achievement, and making a difference for underprivileged student groups (California P-16 Council, 2008). Indicators of a positive school climate and welcoming learning environment are increased attendance and reduced discipline referrals. Increased attendance in extracurricular activities is another sign that students feel supported by an affirming school climate [Scales & Leffert, 1999].

CSF 7: Increase Teacher Quality
Teacher quality focuses on the need to recruit and retain effective teachers while supporting and enhancing the knowledge and skills of current staff with job-embedded professional development. Over two decades of research has demonstrated a clear connection between teacher quality and increased student performance. The evidence shows that low-income students are more likely to benefit from instruction by a highly effective teacher than are their more advantaged peers (Nye, Konstantopoulos, & Hedges, 2004). Students enrolled in successive classes taught by effective teachers show greater gains in student performance than student groups taught by less effective teachers [Sanders & Rivett, 1996]. LEAs and campuses can have a direct impact on student achievement.
Collection of Data

The state Texas Academic Performance Report (TAPR) does not measure student performance below the third grade; hence, there currently is no data available from the state system for this school reflecting student performance. At the kindergarten, first, and, second grade levels, the Texas Primary Reading Inventory will be administered at grades kindergarten through second. This data will be disaggregated by grade level, gender, ethnicity, and economically disadvantaged students. This will be used as one measure to collect student data.

For state and federal purposes, Ciavarra Elementary School is paired with Devine Intermediate School.
Use of Other Resources

In addition to the regular instructional program, the school provides a variety of special programs to meet the needs of all students who attend the school. Some of the special programs include the following:

1. **Individuals with Disabilities Education Act (IDEA) – Special Education.** This is state and federally funded program designed to meet the special needs of children with disabilities. Only students that have been identified by the Admissions, Review, and Dismissal (ARD) committee can participate in this program. Devine ISD participates in a special education cooperative to provide special services which include a resource room, speech therapy, occupational therapy, physical therapy, a diagnostician, and a counselor.

2. **State Compensatory Education (SCE).** Funds from this state-funded program are currently being used to fund tutorials to provide accelerated and more individualized instruction to students at risk.

3. **ESSA, Title I-Part A, Part A-Devine ISD uses its Title I-Part A funds to implement school wide programs at Ciavarra Elementary, Devine Intermediate and Devine Middle Schools.** The programs at each campus are designed to upgrade the entire instructional program at the school. The programs provide supplemental reading and math instruction, and are enhanced with special materials and equipment. The programs also support intensive and sustained professional development and parental involvement.

4. **ESSA, Title II -Part A: Teacher and Principal Training and Recruiting Fund – Devine ISD uses these federal funds to create a district-wide teacher mentoring program and to provide professional development activities taking place both on and off its campuses.** These funds are also used for personnel to reduce class size at Ciavarra Elementary, Devine Intermediate and Devine Middle Schools.

5. **ESSA, Title III-Part A: English Language Acquisition, Language Enhancement, and Academic Achievement Act –** These federal funds are used to support limited English proficient and immigrant children to attain English proficiency, with emphasis on academic proficiency.

6. **ESSA, Title IV-Part A: Student Support and Academic Improvement Grant-** Intended to improve students’ academic achievement by increasing the capacity of districts to: provide all students with access to a well-rounded education; improve school conditions for student learning; and improve the use of technology in order to improve the academic achievement and digital literacy of all students.

7. **Career and Technology Education –** Computers and software are purchased through the federal career and technology education program at the high school campus. With the assistance of the software, career awareness and guidance are offered to enable students to follow career pathways and learn the skills necessary to be successful in the modern day workplace upon graduation. Funding also pays for program coordination and professional development activities for faculty.

8. **English as a Second Language (ESL) –** A certified teacher uses the ESL methodology in a variety of settings for the limited English proficient (LEP) students identified by the language proficiency assessment committee (LPAC). This funding is used as salary for a certified teacher and special supplies and materials used to enhance the instruction.
Overview of State Compensatory Education

State Compensatory Education (SCE) is the state's means for addressing the unmet needs of students in "at-risk" situations, i.e., are not functioning at grade level. These funds are to be used to improve and enhance the programs funded under the regular educational program by addressing the needs of students who are at risk of failure and/or of dropping out of school.

Students Eligibility
The Texas Education Code (TEC §29.081) provides criteria for identifying students who are "at risk," that is, those who are eligible to receive the SCE services. As amended by S.B. 702, "student at risk of dropping out of school" includes each student under 21 years of age who:

(1) was not advanced from one grade level to the next for one or more school years;

(2) if the student is in grade 7, 8, 9, 10, 11, or 12, did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;

(3) did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;

(4) if the student is in pre-kindergarten, kindergarten, or grade 1, 2, or 3, did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;

(5) is pregnant or is a parent;

(6) has been placed in an alternative education program in accordance with Section 37.006 during the preceding or current school year;

(7) has been expelled in accordance with Section 37.007 during the preceding or current school year;

(8) is currently on parole, probation, deferred prosecution, or other conditional release;

(9) was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;

(10) is a student of limited English proficiency, as defined by Section 29.052;

(11) is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;

(12) is homeless, as defined by 42 U.S.C. Section 11302, and its subsequent amendments; or
(13) resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

In addition to the above list, the local education agency may establish local criteria for identifying students who are at risk. However, the number of students served using local criteria during a school year may not exceed ten percent of the number of students served using state-defined criteria during the preceding school year. Students identified solely under local criteria are not included in the PEIMS count.

**Local Criteria:** On November 15, 2004, the DISD School Board approved Dyslexia as a local criteria for at-risk according to House Bill 1691 that allows charges to SCE allotment for dyslexia students.

Module 9 of the *Financial Accountability System Resource Guide* (FASRG) clearly states that the SCE funds "are intended for the primary benefit of students in at-risk situations, as defined in Texas Education Code Section 29.081" [FASRG, §9.2.3.1]. In addition, students who do not meet the criteria in TEC (e.g., those identified solely under local criteria) may receive an incidental benefit. "Incidental inclusion" of students generally means that (1) their inclusion does not increase the cost of the program, and (2) students identified under the TEC criteria are not denied SCE services. In any case, SCE services may not be used to provide services to students identified solely by the local criteria in the absence of students who meet the criteria established in the TEC. The defense of the local criteria and the inclusion of students are the responsibility of Devine ISD.
**District SCE Policies and Procedures**

The Devine ISD has adopted the following administrative policies and procedures for identifying students:

1. Students shall be identified as meeting one or more of the at-risk criteria as defined in TEC Section 29.081 annually when that information is accumulated for the Public Education Information Management System (PEIMS).

2. The district does one use local criteria to identify students in at-risk situations; dyslexia. House Bill 1691 allows charges to SCE allotment for dyslexia students. However, the number of students receiving services under this subsection during a school year may not exceed 10% of the number of students who met the State criteria under Section 29.081 of the Texas education code who receive services from the district during the preceding school year. Dyslexia cannot be used for PEIMS coding as at risk.

3. Students meeting one or more of at-risk criteria as defined in TEC Section 29.081 will be considered for placement in one or more of the programs and/or services currently being implemented with funds under the State Compensatory Education (SCE) program. Students most in need based on their performance on the various assessment instruments administered by the district, number of years retained, etc., and upon the recommendation of the campus contact, in consultation with the principal and/or appropriate staff, will be entered into a program or service that best addresses their individual needs.

4. Students who demonstrate sustained success in mastering the success criteria defined in the summative evaluation for the SCE program and/or service to which they have been assigned may be exited from the program and/or service upon the recommendation of the campus contact and/or appropriate staff.

5. The district has established staffing ratios and financial allocation standards for basic education programs to ensure that all SCE-funded activities are supplemental. Devine ISD uses all SCE funds to supplement services beyond those offered through the regular education program, as per state guidelines to provide base services at the DAEP. Staffing ratio standards for Grade 5 is 25 to 1 and for the secondary campuses, 28 to 1.

6. Devine ISD combines its SCE funding with Title I-Part A School wide funding on two campuses: Ciavarra Elementary and Devine Intermediate. Devine Middle School and Devine High School are not a Title I-Part A campuses. According to interpretations of Senate Bill 702 by the Texas Education Agency, a campus using SCE funds to support a Title I-Part A school wide program (on a campus with over 50% students from low-income families) is not responsible for meeting the intent and purpose of SCE; or for providing supplemental services to children identified as at risk of dropping out of school under the state at-risk criteria; or for reporting supplemental SCE FTEs in the CIP; or for implementing the policies and procedures required under SCE; or for evaluating the SCE program.

When using SCE funds to support a Title I-Part A school wide program, the SCE funds are monitored according to the audit requirements and the rules and regulations that govern the Title I-Part A, Part A school wide program. Combining SCE funds on a school wide campus allows schools to address needs in an integrated way and relieves schools from the burden of documenting that a specific program dollar was expended for a specific program activity. In other words, the SCE funds lose their “program” identity. However, the SCE funds do NOT lose their “fiscal” identity, and these funds are not fiscally combined with Title I-Part A, Part A for accounting and reporting purposes. SCE expenditures must be tracked back to the SCE fund code, and all generally accepted accounting principles must be followed.
Devine Independent School District Improvement Plan 2017-2018

Devine ISD conducts an annual needs assessment to identify students who have not made, or are not making satisfactory academic progress and students with non-academic problems that may inhibit academic success. This information is used to set priorities and goals, to allocate available financial and support resources, and to determine whether the redirection of the SCE programs and services is needed.
**Campus-Level SCE Services 2017-2018**

Based upon students’ qualifying criteria, the following tables outline each campus specific service funded by State Compensatory dollars. As additional students are identified and student needs are determined, additional services may be added, and others may be modified or deleted.

### John J. Ciavarra Elementary School

**Objective:** To have 90% of all students disaggregated by ethnicity, gender and income pass all parts of the STAAR.
