Come Join Us

For a Free Viewing Event

Great North American Eclipse

April 8, 2024
11 am to 3 pm

Devine Warhorse Stadium

This event is being sponsored by Devine ISD and the City of Devine. We will have a limited number of eclipse viewing glasses on a first come, first serve basis.

From the Superintendent...

New Head Start/PreK building in place

A project that began four years ago is finally coming to fruition. The new Head Start/PreK building is in place awaiting all the infrastructure needed before teachers and students can occupy it.

"We are excited to start the 2024-2025 school year in our spacious new building! We are grateful for all who made it possible, and had a hand in this big project for us. Pre-K is excited for another year of growth and learning!" Head Start teacher Mrs. Melissa Gutierrez said.

DISD started discussing a new portable building with Head Start at ESC 20 a year after COVID. The Head Start director at the time, Carol Morgan, had COVID money she had not allocated. Moving that money to help DISD was not easy and required lots of paperwork.

"I was still CES principal when we started these discussions. We so badly needed a new building to house our program. I am ecstatic that it is really happening, and that these teachers and students will be in brand new classrooms in the fall," Mrs. Brenda Gardner said.

The building has eight classrooms, a restroom in each of them and a staff restroom. There will also be an office for the Family Service Associates, and a room for storage, the IT infrastructure, and a break area for staff.

"We are so excited for the new building that Head Start/Region 20 purchased for our 3 and 4 year old program. We are looking forward to being able to move into our brand new portable for the upcoming school year and being able to be all together!" Head Start teacher Mrs. Christie Bean.said.

Head Start/PK teachers will have new classrooms this fall. The building still has to be put together and infrastructure put in place.

MARCH MADNESS
