From the Superintendent...

Hagdorn assumes director position; Teetsel goes to CES interventionist

Mrs. Jenni Hagdorn officially assumed the role of Director Special Ed/Populations Jan. 8.

“I am very fortunate to be stepping into a role that has had a strong leader. The entire special education team does an amazing job and my goal is to make the transition to a new director as easy as possible,” Hagdorn said.

She added that she considers herself as a “go-to” person for the district.

“When something needs to be done, I never hesitate to chip in and help. I am eager to learn all the things I need to in order to serve the special populations in DISD,” Hagdorn said.

She has 24 years of experience in Devine ISD. She has taught ELAR at the elementary, intermediate, and middle schools in her tenure here. She was also a Reading First coach and has been second grade reading interventionist for several years. Other roles she has had during her 24 years include UIL Coordinator, Cheer Sponsor, UIL Coach, ELAR Coordinator, and serving on DEIC.

Mrs. Lindy Teetsel took over interventionist duties at CES Monday, Jan. 22. Mrs. Teetsel is in her 11th year as an educator, 10 as a teacher, and one as an aide to a reading specialist. She taught in North Carolina before moving to Devine five years ago. She taught third and fifth grades at DIS before joining CES as a first grade teacher.

“Ultimately, as a reading interventionist, I am committed to addressing the specific needs of each child I serve and will strive to ensure each develops rigorous reading skills and achieves academic success while fostering a love for learning,” she said.
